Advancing Equity Review

Instructions

In keeping with CoC values and policies, the CoC is reviewing how projects funded through the HUD CoC competition are advancing equity for people groups disparately impacted by homelessness. In this review, projects are asked to identify impacted groups in their specific service area and describe actions taken or in process to reduce disparities and advance a more just homeless response in the region.

Questions

1. Based on CoC data or your own local data and experience, identify at least two groups that experience homelessness at a rate higher than expected based on the population of your area.

Data sources to consider on [CoC Data & Reports page](#): CoC Racial Equity Tool 2022 Summary, 2022 Needs Assessment Reports, 2021 Subpopulation Reports
