

Questions	Evaluation Areas			Outcomes	Equity Review	Data Notes	
				Overall HHs	BIPOC HHs	% BIPOC	Did participants of different races, ethnicities, or subpopulations experience similar outcomes?
1 How many households were assisted with Housing Problem Solving (HPS)/diversion?	X	X		548	237	43%	Due to data quality issues, HPS data reflects <u>entries</u> within the report period only, not the 768 that have open entries in the report period.
2 How many households recorded an HPS event?	X	X		171	73	43%	
3 How many HPS participants were connected to other resources?	X	X		140	60	43%	Compared to White, non-Hispanic householders, households with BIPOC heads of households were reported less frequently receiving Food Stamps/SNAP (-11%), and Other services and referrals (-10%). However they were more likely to receive criminal justice or legal assistance (+30%), transportation (+18%), and health services (+20%). Adults with children and youth were also more likely to be connect to resources in HPS than single adults.
4 How many households went on to complete the CE Assessment?	X	X		474	213	45%	See data note on question 1 above. Up to 202 households assessed into CE after HPS appear to be households that do not meet criteria for prioritization in CE (DV, LTH, HUD homeless). 202/474 = 43%
5 How many households received CE assessment without HPS?	X	X	X	276	117	42%	≥52 entries to CE without HPS appear to be households that do not meet criteria for prioritization in CE (DV, LTH, HUD homeless).
6 How many assessments were phone, virtual, or in-person?	X	X					Not currently tracked
7 How many CE households received navigation services?	X	X		126	49	39%	126 = 17% of active referrals and 6% of all households in CE
8 How many CE referrals were made per opening?		X		4.8	224	42%	712 referrals for 185 openings = 4.8/opening. By project entry type: TH= 2.8, RRH= 2.5, PSH=7.0 (224 of 539 = 42%)

Questions	Evaluation Areas			Outcomes	Equity Review	Data Notes	
				Overall HHs	BIPOC HHs	% BIPOC	Did participants of different races, ethnicities, or subpopulations experience similar outcomes?
				BIPOC = Black, Indigenous, or other Person of Color. Based on annual PIT Count, Coordinated Entry, and Wilder Study data, persons who identify as BIPOC make up ~45% of the total population of persons experiencing homelessness in the region.			
9 How many CE referrals resulted in housing with CE-participating programs?	X	X		97	37	38%	Black or African-American householders represented 22% of entries to CE, 22% of referrals made, and 22% of successful referrals in this period.
10 How many CE referrals were denied and why?	X	X	X	381	154	40%	Overall, BIPOC households, particularly Black or African American households (22% of referrals), were much more likely to have unsuccessful referrals reported due to "Property Management denial - criminal history" (38% referrals) and "Client unable to locate housing" (64%). By comparison, White households make up 58% of referrals but only 36% of households unable to locate housing.
11 How many households entering CE were experiencing first time homelessness?		X		287	136	47%	MN First Time Homeless definition used.
12 How many households exited CE to a homeless destination?	X	X		12	8	67%	Reported destination at recorded CE exit. Total 442 exits during 6 month period. 26 exits with homeless destination = 2.7%.
13 How quickly did programs report openings?		X	X				Not currently tracked. Will explore ways to measure once new HMIS software is in place.
14 How quickly did programs report results of referrals?		X	X				Not currently tracked. Will explore ways to measure once new HMIS software is in place.
15 Did any programs fill units outside of CES?		X	X	?			120 housing entries occurred in PSH, RRH, and TH projects during 6-month review period. 97 CE Referrals entered TH, RRH, or PSH with recorded outcomes; 13 referrals were unresolved and 5 were missing information. See note on data quality regarding HPS and CE outcomes and exits. Will determine way to calculate this more easily and with greater detail after HMIS software transition.
