Membership in the CoC is open to all stakeholders in the CoC service area, including nonprofit homeless assistance providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, hospitals, universities, affordable housing developers, law enforcement, and organizations that serve veterans, and persons with lived experience of homelessness.

Annually, the CoC shall issue a public invitation for any interested individual and/or agency within the region to become a member of the CoC. The invitation will be sent to relevant organizations in the region. New members may enroll at any time during the year by completing the CoC Membership Request form.

Any person and/or agency interested in improving the response to homelessness who either lives or works in the SE region may participate in the CoC. Membership is defined by submittal of a Member Agreement, attendance, and participation in a least one CoC meeting annually, including attendance at any sub-committees created to carry out the responsibilities of the CoC.

G. Types of Membership

Continuum of Care planning involves a membership that is extensive and inclusive. The CoC shall have three categories of membership/participation:

1. **Agency Membership.** Agency Membership shall include traditional homeless and low-income housing service agencies representing homeless persons in the CoC geographic region.
 - a. Agency Members must show a vested interest in the CoC process by entering into a Membership Agreement, committing to regular representation at meetings, and participating on one of the Committees. A Member Agreement must be updated and signed at least once every three years.
 - b. Agency Members are expected to designate at least one (1) staff person to attend all CoC meetings and committee meetings or find an appropriate substitute to attend in their place. Agency Members must inform the CoC Coordinator of changes in designated staff and must select one contact for voting if more than one staff person is designated.
 - c. Attendance by Agency Members at fewer than half of the CoC meetings in the past year (from the date of the vote) shall suspend the General Member agency's funding voting privileges until such time as they reach 50% attendance. Lack of attendance for nine consecutive months will result in suspension of the Agency Member Agreement. Membership may be reinstated with a new Member Agreement at any time.
2. **Individual Membership.** Individual Members include persons with lived experience of homelessness and other community members whose input is deemed vital and necessary by the

CoC, but whose typical participation at meetings or committee meetings is unlikely. Individual members may participate at any meeting or committee meeting, but participation may primarily occur through other means (e.g. focus groups, presentations, and surveys.).

Individuals who attend CoC meetings and individuals who respond to inquiries by the CoC through participation in focus groups, surveys (written, phone, e-mail or other electronic media), or other methods of direct participation will be considered Individual Members and will be reported as members of the CoC in reports to HUD and other agencies requiring reports from the CoC.

If persons with lived experience of homelessness wish to attend meetings or committee meetings, they may receive stipends and travel expenses when available, unless their time and expenses for attendance are already being reimbursed as representation for another agency or entity.

- a. Individuals who desire to vote must show a vested interest in the CoC process by entering into a Membership Agreement, committing to regular representation at meetings or activities. A Membership Agreement must be updated and signed at least once every three years. Lack of attendance for twelve consecutive months will result in suspension of the Member Agreement. Membership may be reinstated with a new Member Agreement at any time.
 - b. Voting privileges for Individual Members shall be suspended if individuals do not meet the applicable attendance threshold below. Voting privileges are restored at such time as attendance meets or exceeds threshold levels.
 - i. Individuals participating as persons with lived experience of homelessness: 33% of CoC meetings in the past year (from the date of the vote).
 - ii. Other individuals: 50% of CoC meetings in the past year (from the date of the vote).
