POINT IN TIME COUNT CHEAT SHEET

COUNTING PEOPLE IN ES OR TH PROGRAMS...

... that use HMIS

- Approach: Data entered in HMIS will be pulled into a CoC-wide report. Use the QDQ process and reports to identify and correct errors in HMIS.

- Count Tool: None (Yay!)

- Count Period: Night of January 24

- Reporting Tool: HMIS, standard data elements for your program type

- Reporting Period: Complete regular program data entry and corrections for PIT night by February 2

- Key Contact: HMIS helpdesk if you need assistance.

- Other guides and resources: CoC PIT Count web page
